## **Snow Emergency In Effect at Noon Tomorrow**

In anticipation of the coming snowstorm, effective at noon on Saturday, February 23, the City of La Vista will be in a snow emergency until 6 p.m. on Sunday, February 24.

Please move all vehicles from residential streets to allow plow crews to clear a path.

If needed, vehicles can be parked on non-hard surfaces during the storm in order to get them off the street. Likewise, motorists should not park on the street when they arrive home from work this evening.

Vehicles left on the street will be ticketed and/or towed.
