Karlson discussed what has been keeping him busy, mostly pool stuff and hiring staff for the pool, which has been difficult. Karlson said they are having meetings discussing pay rate and incentives that could be offered. A manager has been hired, Henry Belik, a college student that has grown up in La Vista.

2.2.2 UPDATE FROM PUBLIC WORKS/COMMUNITY DEVELOPMENT

Report from Jason Allen, Public Works Parks Superintendent

Allen discussed the CIP (Capital Improvement Program) in relation to improvement of the park projects. The internal Parks Committee is in the process of ranking projects by building a matrix of the parks, in order to prioritize and budget for the improvements. These will in turn be brought forth to the Parks & Recreation Advisory Board for review, feedback and recommendations for approval to Mayor and Council.

Member Kupfer asked if this is an evolving project. Allen stated that it was, and will be added to, modified, etc. in the coming years, and will be used beyond the current Board and Staff has a basis for budgeting and prioritizing projects in the parks.

Chairperson Lodes asked about the lighting at the ball fields. Allen stated that it was requested in the CIP budget for 2024. It is a much larger project than what the normal budget would allow, so Allen explained how that money will be obtained through the CIP to allow that project to go forward.

Member Dogba asked if this would be in stages. Allen said yes it would be in stages. Some years may see many improvements in the parks, and some not as many, depending on the budget and what else is going on in the City.

Member Ryan said he liked the matrix and outline of the plan. He asked where the parking lot at City Park fell into this. Allen said it is in the budget for 2024 also.

Allen also updated the Board on the Park monument signs. The ones up now will be wrapped on Friday. The larger monument signs for Val Verde and Central Park will be reviewed by Council and hopefully approved, then will be installed.

Allen also discussed the finishing of the Astro, saying that he thought our part (the Link) would be done by the end of August.

Allen reported that Central Park playground project should be started in mid-August and take possibly a couple of weeks.
