AYES:	Brewer, Krzywicki, Gahan, Frey, and Alexander
NAYS:	None
ABSTAINED:	Coghlan, Sargus, and Dogba
ABSENT:	Circo

2. Old Business

In memory of Gayle Malmquist, Chris Solberg read a statement about her long career and impact on the planning profession in the state of Nebraska and Iowa, and the Planning Commission held a moment of silence in her honor.

3. New Business

A. Capital Improvement Program – FY27-31

Staff Report – Meg Harris, Finance Director: Meg Harris presented the FY27–FY31 Capital Improvement Plan (CIP) to the Planning Commission, outlining proposed project priorities and long-term infrastructure investments.

Commissioner Brewer inquired about how the Active Mobility Plan is incorporated into the CIP and the anticipated funding sources. Senior Planner Brodersen responded that several projects identified in the Active Mobility Plan are included in the CIP and that for each revised CIP going forward, Community Development intends to work with public works to submit the next round of priority projects, as funding is available. Several projects included in this CIP are the Southport-West Papio Connector, the Boardwalk Ramp, streetscape improvements, and trail projects such as the Thompson Creek Trail and the 84th Street Trail. Staff noted that the Metropolitan Area Planning Agency (MAPA) has awarded multiple grants to support these initiatives, with the majority of funding expected to come from federal sources.

Commissioner Brewer also requested clarification on 108th Street repaving project timeline. Harris stated the project is currently scheduled for FY28 or FY29. Commissioner Brewer asked whether sidewalk improvements would be included. Engineer Dowse confirmed that sidewalks, curbs, and ADA-compliant ramps would be incorporated to meet current standards.

Commissioner Sargus asked how the Commission would be informed of projects that may be deferred or removed from the plan through FY26. Director Harris indicated that staff would compile that information and follow up with the Commission once it is available.

Commissioner Krzywicki questioned the significant budget increase related to the reopening of the municipal pool. Director Harris explained that the new facility is larger than the previous pool and will require additional staffing and operational resources.

Chairperson Alexander opened the Public Hearing.

Public Hearing: No members of the public were present or spoke at the hearing.

Motion: Frey moved, seconded by Sargus, to close the public hearing.

RESULT:	Motion carried 8-0-0
MOTION BY:	Frey
