RECOMMENDATION

Continue public hearing to July 3, 2012 City Council Meeting.

BACKGROUND

Resolutions have been prepared to approve a replat application and subdivision agreement for Lots 1 thru 3, Mayfair 2nd Addition Replat Five, generally located northwest of 96th Street and Giles Road. The application was submitted by Buland Group Construction on behalf of the property owner, L&B Properties, LLC. The property is currently zoned C-1, Shopping Center Commercial, with the Gateway Corridor Overlay District. The property is currently vacant; proposed Lot 2 is anticipated to be developed as a child care center.

A subdivision agreement has been prepared and details the responsibilities of the parties including access to the development, construction of sanitary sewers, sidewalks and other improvements. This document is currently under review and will be addressed prior to the City Council meeting.

Staff is requesting a continuance of the public hearing to the July 3, 2012 Council meeting. The applicant has submitted the final exhibits to the subdivision agreement however staff needs additional review time.

On April 19, 2012, the Planning Commission unanimously recommended approval of the proposed replat to Council subject to the conditions as noted in the staff report.

RIGHT-OF-WAY VACATION & CONVEYANCE — SOUTH SIDE OF HARRISON, EAST OF 83 RD STREET	RESOLUTION ◆ ORDINANCE RECEIVE/FILE	ANN BIRCH COMMUNITY DEVELOPMENT DIR.

SYNOPSIS

On April 3, 2012, the Council adopted Ordinance No. 1170 for the vacation and conveyance of a portion of unused public right-of-way on the south side of Harrison Street, adjacent to Lot 1282-D1, La Vista, located east of 83rd Street. **It was recently noted however that the incorrect ordinance was published. In order to rectify this situation, staff recommends the previous ordinance be repealed, a new ordinance adopted, and the publication process be conducted again.**

FISCAL IMPACT

Harrison Street was constructed using 80% Federal Highway Administration funding and 20% local match. Any proceeds from the sale of the right-of-way must be split with 80% being refunded to the State. The City will keep the other 20%, estimated to be \$5,314.60.

RECOMMENDATION

Approval.

BACKGROUND

The City of La Vista received a request by Nebraska CVS Pharmacies, LLC, to vacate a portion of the Harrison Street right-of-way (approximately 4,599 square feet) which is adjacent to Lot 1282-D1, La Vista. The developers of CVS/Parsley Place (Nebraska CVS Pharmacies, LLC) have also requested the ability to purchase the parcel, and intend to construct a multi-tenant project directory sign on the property. If approved, the vacation and conveyance of this part of the Harrison Street right-of-way would be subject to compliance with the following:

1. Easements to all existing utilities shall remain;
2. The pavement subsurface pipes that were constructed and terminate at about the proposed right-of-way acquisition line shall remain in place;
3. Reimbursement to the Federal Highway Administration for monies expended in acquiring the right-of-way;
4. CVS shall use the property for the sole purpose of constructing and maintaining a project directory sign and such sign shall be approved by the City. Specifically, subparagraph "b" identifies the project directory sign and gives the City Administrator authority to define the number of businesses to be colocated on the sign with CVS, with the actual businesses ultimately listed determined by negotiation

of CVS and the businesses. The provision will provide area businesses an opportunity to negotiate for space on the sign. (Note: The City may also require as a condition of closing on the parcel an updated signage plan from CVS regarding its intentions with respect to other businesses to be listed on the sign, including evidence of binding agreements between CVS and area businesses that have been identified to colocate on the sign); and

5. CVS shall grant an easement to Professional Mortuary Services, Inc. (Bethany Funeral Home) to maintain their irrigation system and CVS shall maintain the lawn at the current level.

An appraisal and a review appraisal of the property was completed and submitted to the Right-of-Way Division of the Nebraska Department of Roads for approval. Their approval has been received subject to splitting the proceeds of the sale, with 80% being refunded to the State and 20% to be retained by the City. Attached is a letter from John Kottmann, City Engineer, summarizing the value of the parcel based on the appraisals and adjusting for expenses incurred by the applicant and the City.

An ordinance has been prepared to vacate and convey that portion of the Harrison Street right-of-way as shown on Exhibit A. A notice of the sale and the terms of the sale, Exhibit B, will then be published for three consecutive weeks in the newspaper. A remonstrance can be filed against the sale of the property if at least 30% of the electors voting in the last City election sign the remonstrance. A remonstrance against the sale must be filed within 30 days after the passage and publication of the ordinance. If a remonstrance is not filed, the City will prepare a deed in which the City quitclaims its interest in the vacated right-of-way to Nebraska CVS Pharmacy, LLC.

The property owner adjoining this portion of right-of-way, Professional Mortuary Services, Inc., dba Bethany Funeral Home at 8201 Harrison Street, had been notified by staff on two previous occasions of this proposed right-of-way vacation and sale. At the March 6th Council meeting, a representative of the applicant, CVS Pharmacies, was asked to contact the funeral home and discuss signage issues. A representative for CVS was in contact with Paul Matukewicz at Bethany Funeral Home and had provided a drawing (see Exhibit C) showing the proposed sign location in relationship to the funeral home monument sign. The irrigation system and maintenance of the property was also discussed.

Exhibit C to the ordinance has been modified to be consistent with the sign permit application submitted by the applicant. The sign location is in conformance with the requirements of the Zoning Ordinance however it is proposed to be located on the west side of the water line; the previous exhibit identified the location as on the east side of the water line.

AMEND MUNICIPAL CODE CHAPTER 72: PARKING REGULATIONS	RESOLUTION ◆ ORDINANCE RECEIVE/FILE	JOHN KOTTMANN CITY ENGINEER/ASSISTANT PUBLIC WORKS DIRECTOR

SYNOPSIS

An ordinance has been prepared to amend Chapter 72: Parking Regulations of the Municipal Code to clarify No Parking zones, restrict parking on arterial streets, and establish parking regulations on cul-de-sacs.

FISCAL IMPACT

None.

RECOMMENDATION

Approval

BACKGROUND

The language in Article 72.16 was difficult to interpret and has been revised for clarity.

There have been issues with vehicles parking on arterial streets, primarily Giles Road in the Southport West area creating safety hazards and maintenance problems. Article 72.26 has been added to make it clear that parking on arterials is prohibited.

Citizen concerns are often received concerning lack of permitted parking on cul-de-sac streets. The revisions include a new Article 72.27 that sets forth parking regulations for all cul-de-sacs. In those instances where additional restriction is necessary, those will be handled on a case-by-case basis.

RECOMMENDATION

BACKGROUND

The presence of hiking/biking trails within the community has grown in recent years and the trails are receiving more use by the citizens. This has led to requests from citizens for the crossing of trails with public streets to be marked. Research into standards and policies was performed. The 2010 draft of the AASHTO Guide for the Planning, Design and Operation of Bicycle Facilities was considered to be the best overall guidance and formed the basis of the recommendations in this policy statement.

COUNCIL POLICY STATEMENT**

HIKING/BIKING TRAIL CROSSWALK MARKING POLICY

Issued:
Resolution No.

Introduction

Marking of hiking/biking trail crosswalks on public streets is necessary for the safety of the public with the growing interest and presence of trails throughout the City of La Vista.

Representatives from Public Works, the Police Department, and the Recreation Department will coordinate and determine signage and proper placement of the signage under the following criteria:

- A. At mid-block path crossings on all residential streets (local and collector) provide pavement marking crosswalks.
- B. At path crossings on all residential streets (mid-block and near intersections) provide YIELD signs facing the path users.
- C. At mid-block path crossings on streets that are designated as collector streets (generally over width) provide crosswalk signs facing motorists. If there are locations where the crossings are not readily visible due to curvature of the road, or vegetation or other reasons consider adding advance crosswalk signs.
- D. If there are locations where sight distance on the path and/or the roadway is exceptionally limited (a judgment call based on the desirable sight distance values set forth in the AASHTO Guide for the Planning, Design, and Operation of Bicycle Facilities) then consider parking restrictions in the vicinity of the crosswalk.
