BACKGROUND

The City Park playground is the next park scheduled for renovation. The Park Planning Committee and the Park Advisory Board collaborated using the Park Matrix to determine both the timing and the scope of the project. The Committee engaged the Park and Recreation Advisory Board to help develop a plan for replacing the existing equipment.

Three design proposals were submitted for review and both groups evaluated each option to determine which best met the park's needs. The Park and Recreation Advisory Board recommends the purchase of playground equipment from Crouch Recreation, with installation scheduled for early spring 2026. The purchase will use Sourcewell #012621-PPC and Omnia #2017001135.
