BACKGROUND

The HGACBuy Cooperative works just like the state bid process, but on a much larger scale at the regional and national level. The City currently belongs to the National Joint Powers Alliance (NJPA), which is identical to this program. HGACBuy requires an Interlocal Contract be approved by the local government in order to make purchases from their contracts.

Goods and services purchased from the HGACBuy contracts are delivered to local vendors for distribution to the End User. An example of this would be Exmark Mowers purchased from the national contract would be delivered and serviced by Great Plains Equipment in Gretna, Nebraska.

LA VISTA CITIZEN ADVISORY REVIEW COMMITTEE

To: Citizen Advisory Review Committee

Dt: March 13, 2015

Fr: Rita Ramirez, Asst. City Administrator

Re: Economic Development Program Review

The Citizen Advisory Review committee is required to report to the Mayor and City Council at least once every six months regarding the Economic Development Program. The following is provided for the Committee's information and generally covers activity for FY 14 (the period from October 1, 2013 to September 30, 2014):

One application to the Economic Development Program has been received to date. The application was from John Q. Hammons to construct a full service Embassy Suites Hotel and conference center facility, which opened in July of 2008 and a Marriott Courtyard Hotel, which opened in May of 2009. These facilities are located in the Southport West subdivision.

1. The City has been collecting sales tax revenue for the Economic Development fund since its effective date. In FY14 (which ended on September 30, 2014) the fund received \$600,000 in sales tax revenue, (bringing the total sales tax revenues transferred to the fund since its inception to \$2,880,000), and \$1,186,573 in loan payments (interest only) from John Q. Hammons. Expenditures in FY14 were \$1,998,396 for debt service associated with the grant and construction loan. The fund had a balance of just over \$670,000 carried over from FY13.
2. The Economic Development Fund Budget for Fiscal Year 2015 indicates a carry forward amount of \$456,924 from FY14, the fund will receive \$1,186,573 in revenue from loan payments (interest only) by John Q. Hammons, and the fund will receive \$600,000 from sales tax. Expenditures in FY15 will include debt service payments of \$1,353,853 in interest and \$645,000 in principal.
3. The City's assessed valuation for 2015 is \$1,269,085,286, which is an increase of 2% from 2014. Over the past 10 years, the growth in the City's valuation has averaged approximately 8.6% annually. The considerably lower than average growth rate in fiscal years 2012 and 2013 can likely be attributed to declining property values associated with the current economic situation specifically related to market sales and vacant commercial properties, especially in the 84th Street corridor. Because the City pursued annexations in FY13 and won the Supreme Court case regarding the annexation of SID 59, the valuation increased for 2014. For 2015 we are back to a very modest growth in valuation.
4. Net taxable sales increased in both 2012 and 2013. (This data is compiled by the State Department of Revenue.)
 - 2009 Net Taxable Sales - \$182,170,349
 - 2010 Net Taxable Sales - \$174,451,981 (down 4.2%)
 - 2011 Net Taxable Sales - \$186,820,517 (up 7.08%)
 - 2012 Net Taxable Sales - \$200,843,094 (up 7.5%)
 - 2013 Net Taxable Sales - \$215,792,761 (up 7.4%)
 - 2014 Net Taxable Sales - \$162,291,572 (through September—no additional data available on state website; they only show data through 2013 right now)

5. Sales tax revenue has continued to show an increase over the last several years. There were some extremely high sales tax collections in 2012 and 2013 and the explanations are noted below.

FY2010 Sales Tax - \$3,499,187 (up 9.2%)

FY2011 Sales Tax - \$3,741,187 (up 6.9%)

FY2012 Sales Tax - \$4,471,391 (up 19.5%)*

FY2013 Sales Tax - \$5,999,367 (up 34.2%)**

FY2014 Sales Tax - \$3,212,977 (actually received less the \$2.4 million rebate)

In 2014 the State of Nebraska withheld our monthly sales tax revenue from January through May to reimburse the \$2.4 million incentive rebate. Sales tax payments for the fiscal year would have been approximately \$5.57 million.

* (Sales tax revenue received in May 2012 was exceptionally high—State took back \$2.4 million in sales tax revenue in 2014 due to State incentive programs.)

** (An additional \$1.2 million in sales tax received as a result of a business audit by the State Treasurer. State took back \$2.4 million in sales tax revenue in 2014 due to State incentive programs.)

6. While considerably lower than previous years, building permit valuations have remained fairly steady since 2008. Permit valuations have increased 48.2% in 2014 over the previous year with one month left to be recorded.

2008 - \$43,487,781 (a decrease from the previous year).

2009 - \$27,316,647

2010 - \$50,312,009 (two large multi-family projects at the end of the year)

2011 - \$34,936,491

2012 - \$28,813,664

2013 - \$31,603,604

2014 - \$46,842,486 (through November)

2015 - \$ 6,159,051 (through February)

Total building permit valuations since 1997 have surpassed \$1 billion.

Section 2. Sewer Fee Schedule.

§3-103 Municipal Sewer Department; Rates.

- A. Levy of Sewer Service Charges. The following sewer service charges shall be levied against the user of premises, property or structures of every kind, nature and description, which has water service from any supply source and are located within the wastewater service area of the City of La Vista.
- B. Computation of Sewer Service Charges. For the months of December, January, February and March, the monthly charge for residential sewer services will be computed on the actual water used for these months. The monthly charge for

residential sewer service in the months of April, May, June, July, August, September, October and November will be computed on the average water usage of the four (4) preceding winter months of December, January, February and March or for such portion of said consumption, whichever is the lesser. At the option of the City of La Vista, water used from private wells shall be either metered or estimated for billing purposes.

- C. Amount of Sewer Service Charges. The total sewer service charge for each sewer service user will be the sum of three (3) charges: (1) customer charge, (2) flow charge, and (3) abnormal charge.

1. The customer charge is as follows

- a. For sewer service users classified as Residential, the same being sewer service to a single family dwelling, or a duplex, apartment, or other multi-family dwelling (e.g. apartments) wherein each dwelling unit has a separate water meter that is read and charged for water and sewer use by the Metropolitan Utilities District - \$8.34 per month.
- b. For sewer service users classified as Residential-Multi-Family, the same being sewer service to Multi-Family dwellings (e.g. apartments) wherein there is only a separate water meter to each building or complex that is read and charged for water and sewer use by the Metropolitan Utilities District - \$8.34 per month plus an amount equal to \$5.82 times the total number of dwelling units, less one, in the Multi-Family dwellings that comprise an apartment complex. The customer charge for Residential-Multi Family sewer service users will be billed by the City of La Vista in addition to the flow charge billing from the Metropolitan Utilities District. A late charge of 14% will be applied for for Multi-Family sewer use billings.
- c. For sewer service users classified as General Commercial: Customers who normally use less than 100,000 cubic feet of water per month and who are not Residential users or Residential-Multi-Family users - \$8.94 per month. For sewer service users in this category that require manual billing, add \$10.00 for a total of \$18.94. The manual billing of the customer charge will come from the City of La Vista instead of the Metropolitan Utilities District.

2. The flow charge for all sewer service users shall be \$2.43 per hundred cubic feet (ccf).
3. If users have abnormal strength sewage as determined by the terms of the Wastewater Service Agreement between the City of La Vista and the City of Omaha, then additional charges will be billed to the user at the applicable rates as determined by said Agreement.
4. If users other than those classified herein are connected to the wastewater collection system, the Customer Charges, the Flow Charges and Other Charges will be determined by the City Council in accordance with rules and regulations of the EPA and the Agreement between the City of La Vista and the City of Omaha.

- i. Owner shall obtain all required permits for the Uses from the City of La Vista.
- j. Owner shall comply (and shall ensure that all structures, appurtenances and improvements on the Property at any time comply) with any applicable federal, state and/or local laws, rules or regulations, as amended or in effect from time to time, including, but not limited to, applicable building codes, fire codes, ADA requirements, and environmental or safety laws, rules or regulations.
- k. Owner hereby indemnifies the City against, and holds the City harmless from, any liability, loss, claim or expense whatsoever (including, but not limited to, reasonable attorney fees and court cost) arising out of or resulting from the acts, omissions or negligence of the Owner or its agents, employees, assigns, suppliers or invitees relating to the Owner's Uses of the Property, including, but not limited to, any liability, loss, claim or expense arising out of or resulting from any violations of any applicable environmental or safety law, rule or regulation but excluding any liability, loss, claim or expense proximately caused by the sole negligence of the City.

- m. Owner shall ensure that the leasing and business office on the property will be staffed during normal business hours.
- n. If at any time any part of Lot 1 is owned by any person or entity other than Owner, all owners shall cooperate and coordinate to carry out Subdivider (as "Subdivider" is defined in the Subdivision

Agreement) obligations under the Subdivision Agreement.

3. In respect to the Gateway Corridor Overlay District, building design has been approved per letter from the City's design review architect, BCDM Architecture, dated August 28, 2014.
4. The Owner's right to maintain the Uses of the Property, as contemplated by this Permit, shall be based on the following conditions:
 - a. An annual inspection to determine compliance with the conditions of this Permit. The Permit may be revoked (with respect to a particular Use) only upon a finding by the City that there is a material violation of the material terms of this Permit if the violation occurs after written notice from the City to Owner and opportunity to cure in the time and manner described below.
 - b. Construction will be in accordance with the City Building Code. Time limitation for building permits shall be in accordance with the City Building Code. Extensions shall be requested in writing and justifiable cause demonstrated. Owner will not have more than four (4) foundations on which framing has not commenced without approval of the Chief Building Official.
 - c. Temporary fencing shall be constructed around any foundations other than "slab-on-grade" that framing has not commenced upon within eight months after inspection of the foundation has been completed;
 - d. All obsolete or unused structures, accessory facilities or materials with an environmental or safety hazard shall be abated and/or removed from the Property at Owner's expense within twelve (12) months of cessation of the Use of the Property as related to said structures, facilities or materials.
5. Notwithstanding any other provision herein to the contrary, this Permit, and all rights granted hereby, shall expire and terminate as to a Permitted Use hereunder upon the first of the following to occur:
 - a. Owner's abandonment of the Permitted Use. There shall be a presumption that the project on the Property has been abandoned if the Owner fails to commence construction of the buildings within the time provided by Section 4(b) above.
 - b. Cancellation, revocation, denial or failure to maintain any federal, state or local permit required for the Uses, and such cancellation, revocation denial or failure to maintain any federal, state or local permit required for the use is not cured in the time and manner described below, so long as curative rights are provided under laws, rules and regulations governing said permit.
 - c. Owner's construction or placement of a storage tank, structure or other improvement on the Property, (except during construction of any phase of the project) not specified in this Permit and Owner's failure to cure such breach in the time and manner described below after City's giving notice thereof.
 - d. Owner's breach of other terms hereof and its failure to cure such breach in the time and manner set forth below.

Provided, however, the parties agree that provisions of this Section 5 are severable as to the Antenna Tower, meaning if an uncured breach or other occurrence described in this Section 5 occurs only with respect to the Antenna Tower, this Permit and the permitted use for the Antenna Tower shall cease and this Permit and the permitted use for multifamily residential use in accordance with this Permit shall continue in effect.

6. If construction of the improvements on the Property has not been commenced within twelve (12) months from the date of this Permit, this Permit shall be null and void and all rights hereunder shall lapse; provided, however, Owner shall have the right to file for an extension of time pursuant to the La Vista Zoning Ordinance
7. If the Owner upon the expiration or termination of this Permit fails to promptly remove any remaining safety, environmental or other hazard or nuisance, the City may at its option (but without any obligation to

the Owner or any third party to exercise said option) cause the same to be removed at Owner's cost (including, but not limited to, the cost of any excavation and earthwork that is necessary or advisable in connection with the removal thereof) and the Owner shall reimburse the City the costs incurred to remove the same. Owner hereby irrevocably grants the City, its agents and employees the right, provided notice is furnished to the Owner along with a reasonable time to remove or cure such hazard, to enter the Property and to take whatever action as is necessary or appropriate to remove any such hazards or nuisances in accordance with the terms of this Permit, and the right of the City to enter the Property as may be necessary or appropriate to carry out any other provision of this Permit.

8. If any provision, or any portion thereof, contained in this Permit is held to be unconstitutional, invalid, or unenforceable, the remaining provisions hereof, or portions thereof, shall be deemed severable, shall not be affected, and shall remain in full force and effect.
9. Notwithstanding any other provision that may be to the contrary, the rights given and obligations created under this Permit are intended to be and shall be severable as to the Antenna Tower Use, meaning, should there be an uncured breach of this Permit solely with respect to the Antenna Tower, this Permit and the permitted use for the Antenna Tower shall terminate and this Permit and the permitted use for multifamily residential use in accordance with this Permit shall continue in effect.
10. The conditions and terms of this Permit shall constitute covenants running with the land and shall be binding upon, and shall inure to the benefit of, the Owner, its successors and assigns.
11. Delay of City to terminate this Permit on account of breach of Owner of any terms hereof in accordance with the terms hereof shall not constitute a waiver of City's right to terminate this Permit, unless the City has expressly waived said breach. A waiver of the right to terminate upon any breach shall not constitute a waiver of the right to terminate upon a subsequent breach of the terms hereof, whether said breach be of the same or different nature.
12. Cure Rights. Notwithstanding any other provision of this Permit to the contrary, Owner shall be entitled to written notice and opportunity to cure a breach of this Permit as follows. City will notify the Owner in writing of any breach of this Permit and Owner shall be permitted to cure any breach. Such written notice shall specify the particular conditions giving rise to the breach, and, to the extent known, what actions are required to cure such breach. Cure shall be commenced and completed as soon as possible and in all cases within thirty (30) days after City provides notice of breach; provided, however, in any case that cure cannot be completed within 30 days, additional time will be allowed, so long as cure is commenced within the time required in this Section 12 and diligently pursued and completed as soon as is reasonably possible, and allowing additional time does not substantially increase risk of harm to persons or property. City shall have the right to terminate this Permit if a breach is not timely cured. Provided, however, a failure to cure a breach that is solely with respect to the Antenna Tower shall not give the City the right to terminate this Permit with respect to other Permitted Uses, including, but not limited to, multifamily residential uses.
13. Nothing herein shall be construed to be a waiver or suspension of, or an agreement on the part of the City to waive or suspend, any zoning law or regulation applicable to the premises except to the extent and for the duration specifically authorized by this Permit.
14. Any notice to be given by City hereunder shall be in writing and shall be sufficiently given if sent by regular mail, postage prepaid, addressed as follows:

RE: Preliminary PUD, Rezoning, Replat, CUP – 3rd Review
Andover Pointe

Mr. Harrison:

Staff has reviewed the revised documents that were provided for the above-referenced application. Based on the elements for consideration set forth in the applicable section of the Zoning Regulations for the Preliminary PUD, rezoning and Conditional Use Permit and the Subdivision Regulations for the Preliminary Plat and Final Plat, staff has the following comments:

Preliminary Plat

1. The applicant has revised their plans to show no encroachment onto NDOR right of way for I-80 and therefore would not have to obtain a Permit to Work on State Right of Way. The applicant has also prepared a drainage study indicating that they do not propose to increase the peak flows being discharged onto NDOR right-of-way. They have stated their opinion that they do not need to submit the drainage study to the NDOR. However, since the runoff will be discharged onto NDOR property the drainage study needs to be submitted to the NDOR to avoid future delays or costs related to any claims about inadequate management of storm water runoff. If the applicant does not submit the drainage study to the NDOR and provide a copy of the transmittal of such, then the City will proceed to submit the drainage study to the NDOR for comment. No grading or building permits should be granted until the NDOR has accepted the drainage report.
2. The revised traffic impact analysis has been reviewed by Felsburg, Holt & Ullevig the traffic engineering consultant hired by the City. They have found the revised study to be acceptable. They have noted that existing traffic volumes on 132nd Street warrant a southbound right-turn bay at Chandler Road. However, that is due to existing traffic and will not serve new traffic to or from the proposed Andover Pointe development; therefore, the southbound right-turn bay has not been required as part of the street widening of 132nd Street by this development. Staff has discussed the

phasing of the development with regards to emergency access routes. The proposal shows Phases 1, 2, and 3 being served by a single point of access from 132nd Street. When Phase IV develops, then a second access from 132nd Street would exist. Staff recommends that the applicant consider swapping Phase 2 with Phase 4 (including the road connection to Centech) so that a second access to 132nd Street occurs sooner.

Final Plat

3. The estimate for the construction costs for the widening of 132nd Street remains to be submitted along with a statement as to the source of funding for the widening.

Preliminary/Final PUD Review

4. See comment #2 above.

Design Review

The design review submittal is currently under review by the City's third-party architect. A separate review letter will be provided regarding the design review in the near future.

Draft Conditional Use Permit

The draft Conditional Use Permit is currently under review by the Community Development Department, the City Engineer, and the City Attorney. Comments regarding the draft CUP will be forthcoming.

Draft Subdivision Agreement – Other Agreements

The draft subdivision agreement and other final documents are currently under review by staff and the City Attorney. Their comments on the document will be provided prior to the City Council meeting as the Planning Commission does not review these documents. However, continuing to work on the review and editing of these documents helps to ensure that they will be ready for City Council.

In order for the Preliminary PUD, Rezoning, Replat, and CUP to be considered for review at the September 18, 2014 Planning Commission meeting, revised documents will need to be provided for Planning Commission packets. Please submit 15 full-size and 15 ledger-size (11"x17") revised PUD documents by September 3, 2014 to ensure that the application stays on track for the review by Planning Commission on the 18th of September.

If you have any questions regarding these comments please feel free to contact me at any time.

NO PARKING ZONE MODIFICATION BRENTWOOD DRIVE-96 TH TO 99 TH	◆ RESOLUTION ORDINANCE RECEIVE/FILE	JOHN KOTTMANN CITY ENGINEER/ASSISTANT PUBLIC WORKS DIRECTOR

SYNOPSIS

A resolution has been prepared to eliminate the "No Parking Zone" on the north side of Brentwood Drive beginning 66 feet west of the centerline of South 97th Plaza, thence westerly along Brentwood Drive to 33 feet west of the centerline of South 99th Street. The resolution also relocates the "No Parking Zone" to the south side of Brentwood Drive commencing 66 feet west of the centerline of South 97th Plaza, thence westerly along Brentwood Drive to 150 feet west of the centerline of South 99th Street.

FISCAL IMPACT

The FY 15 General Fund Budget provides funding for necessary signage.

RECOMMENDATION

Approval

BACKGROUND

The Police Department has encountered confusion in the enforcement of No Parking along this section of Brentwood Drive. It is a particularly busy location during school drop-off and pick-up time periods. Identifying one side for No Parking rather than switching from one side to the other is expected to address the problem. The No Parking zone on the north side of Brentwood Drive was designated by the former Mayfair SID prior to annexation by the City.

This modification is proposed to reduce confusion amongst the public as to where parking is allowed on Brentwood Drive and to make it easier to enforce the parking restrictions. This resolution is recommended by the city engineer and authorizes the Public Works Department to install appropriate signs.

Attached is a map illustrating the existing and proposed No Parking Zones.

RESOLUTION NO. _____

A RESOLUTION OF THE MAYOR AND CITY COUNCIL OF THE CITY OF LA VISTA, NEBRASKA MODIFYING A NO PARKING ZONE ON BRENTWOOD DRIVE FROM 96TH TO 99TH STREETS

WHEREAS, the Mayor and City Council have determined that modifications to the "No Parking Zones" are necessary, due to confusion of the public in this area; and

WHEREAS, the modification of No Parking Zones is as follows:
The "no Parking Zone" on the north side of Brentwood Drive beginning 66 feet west of the centerline of South 97th Plaza, thence westerly along Brentwood to 33 feet west of the centerline of South 99th Street. The "No Parking Zone" on the south side of Brentwood Drive will be relocated to commencing 66 feet west of the centerline of South 97th Plaza, thence westerly along Brentwood Drive to 150 feet west of the centerline of South 99th Street; and

WHEREAS, City Engineer and staff have reviewed the plan and recommend approval; and

NOW, THEREFORE, BE IT RESOLVED, that the "No Parking Zones" modifications on Brentwood Drive from 96th to 99th Streets are approved;

BE IF FURTHER RESOLVED, that the Public Works Department be, and hereby is, authorized to install/move the appropriate signage designating this a "No Parking Zone".

PASSED AND APPROVED THIS 7TH DAY OF APRIL, 2015.

AUTHORIZATION TO PURCHASE SEWER EASEMENT MACHINE	◆ RESOLUTION ORDINANCE RECEIVE/FILE	JOHN KOTTMANN CITY ENGINEER/ASSISTANT PUBLIC WORKS DIRECTOR

SYNOPSIS

A resolution has been prepared authorizing the purchase of one (1) Model JAJ-600WH Work Horse Easement Machine from Municipal Pipe Tool Company LLC, Hudson, Iowa for an amount not to exceed \$57,008.50.

FISCAL IMPACT

The FY 15 Sewer Fund Budget provides funding for the proposed purchase.

RECOMMENDATION

Approval

BACKGROUND

The current easement machine is a 1999 model that is co-owned with the City of Papillion. The current machine is rubber-tired and is top heavy. Since it is typically used on the golf course and other outlot areas with slopes it is susceptible to tipping over. The current technology utilizes rubber tracks instead of tires and this particular vendor offers extendable tracks which greatly improve stability and the ability to work in soft soil conditions.

The machine is proposed to be purchased based on proposals made to the National Joint Powers Alliance (NJPA), contract number 022014-SCA. The NJPA operates just like the state bid process, but on a much larger scale at the regional and national level. The Sewer Equipment Company of America is the manufacturer of the easement machine and this is the manufacturer that provided our sewer jet truck. Therefore, operating controls and various equipment items are the same.

RESOLUTION NO. _____

A RESOLUTION OF THE MAYOR AND CITY COUNCIL OF THE CITY OF LA VISTA, NEBRASKA AUTHORIZING THE PURCHASE OF ONE (1) MODEL JAJ-600WH WORK HORSE EASEMENT MACHINE FROM MUNICIPAL PIPE TOOL COMPANY LLC, HUDSON, IOWA FOR AN AMOUNT NOT TO EXCEED \$57,008.50.

WHEREAS, the City Council of the City of La Vista has determined that the purchase of a sewer easement machine is necessary, and

WHEREAS, the FY15 Sewer Fund Budget provides funding for the proposed purchase, and

WHEREAS, Subsection (c) of Section 31.23 of the La Vista Municipal Code requires that the City Administrator secure Council approval prior to authorizing any purchase over \$5,000.00.

NOW, THEREFORE, BE IT RESOLVED, that the Mayor and City Council of La Vista, Nebraska, do hereby authorize the purchase of one (1) model JAJ-600WH Work Horse Easement Machine from Municipal Pipe Tool Company LLC, Hudson, Iowa for an amount not to exceed \$57,008.50.
