§3-103 Municipal Sewer Department: Rates.

- A. Levy of Sewer Service Charges. The following sewer service charges shall be levied against the user of premises, property or structures of every kind, nature and description, which has water service from any supply source and are located within the wastewater service area of the City of La Vista.
- B. Computation of Sewer Service Charges. For the months of December, January, February and March, the monthly charge for residential sewer services will be computed on the actual water used for these months. The monthly charge for residential sewer service in the months of April, May, June, July, August, September, October and November will be computed on the average water usage of the four (4) preceding winter months of December, January, February and March or for such portion of said consumption, whichever is the lesser. At the option of the City of La Vista, water used from private wells shall be either metered or estimated for billing purposes.
- C. Amount of Sewer Service Charges. The total sewer service charge for each sewer service user will be the sum of three (3) charges: (1) customer charge, (2) flow charge, and (3) abnormal charge.
1. The customer charge is as follows
 - a. For sewer service users classified as Residential, the same being sewer service to a single family dwelling, or a duplex, apartment, or other multi-family dwelling (e.g. apartments) wherein each dwelling unit has a separate water meter that is read and charged for water and sewer use by the Metropolitan Utilities District - \$9.4710.09 per month.
 - b. For sewer service users classified as Residential-Multi-Family, the same being sewer service to Multi-Family dwellings (e.g. apartments) wherein there is only a separate water meter to each building or complex that is read and charged for water and sewer use by the Metropolitan Utilities District - \$9.4710.09 per month plus an amount equal to \$4.823.82 times the total number of dwelling units, less one, in the Multi-Family dwellings that comprise an apartment complex. The customer charge for Residential-Multi Family sewer service users will be billed by the City of La Vista in addition to the flow charge billing from the Metropolitan Utilities District. A late charge of 14% will be applied for for Multi-Family sewer use billings.
 - c. For sewer service users classified as General Commercial: Customers who normally use less than 100,000 cubic feet of water per month and who are not Residential users or Residential-Multi-Family users - \$9.8410.82 per month. For sewer service users in this category that require manual billing, add \$10.00 for a total of

~~\$19,8420.82~~. The manual billing of the customer charge will come from the City of La Vista instead of the Metropolitan Utilities District.

2. The flow charge for all sewer service users shall be ~~\$2,682.94~~ per hundred cubic feet (ccf).
3. If users have abnormal strength sewage as determined by the terms of the Wastewater Service Agreement between the City of La Vista and the City of Omaha, then additional charges will be billed to the user at the applicable rates as determined by said Agreement.
4. If users other than those classified herein are connected to the wastewater collection system, the Customer Charges, the Flow Charges and Other Charges will be determined by the City Council in accordance with rules and regulations of the EPA and the Agreement between the City of La Vista and the City of Omaha.
