BACKGROUND

At the August 18, 2009, Council meeting, amendments to Sections 5.06, 5.07, 5.08 and 5.09 of the Zoning Ordinance regarding the R-1, R-2, R-3 and R-4 Districts were tabled pending discussion of the proposed definitions for senior housing types. At the September 1, 2009, Council meeting staff presented the proposed definitions. The amendments were tabled pending review and approval of the definitions by the Planning Commission.

The proposed amendments to the residential zoning districts were initiated primarily for the purpose of replacing out of date terminology for types of senior housing. Additionally, changes were made to list "group care homes" as a permitted use, and general revisions for clarity and consistency with other parts of the code.

The proposed definitions for some of the senior housing types are as follows (a definition for congregate housing already exists in the code):

Assisted Living Facilities

- A type of long-term care facility for elderly or disabled people needing assistance with daily activities such as eating, bathing, dressing, laundry, housekeeping, and medicating. These facilities typically have a central cafeteria and nursing staff on call.

Nursing Care and Rehabilitation Facilities

- A type of long-term care facility for persons with chronic illness or disability, particularly older people who have mobility and eating problems. These facilities are licensed by the State of Nebraska and offer 24-hour room and board and health care services, including basic and skilled nursing care, rehabilitation, and a full range of other therapies, treatments, and programs.

Continuing Care Retirement Community

- Continuing Care Retirement Communities offer service and housing packages that allow access to senior independent living, assisted living, and nursing care facilities. Seniors who are independent may live in a single-family home, apartment or condominium within the Continuing Care Retirement Community. When members of the community begin to need help with activities of daily living (e.g., bathing, dressing, eating, etc.), they may be transferred to an assisted living or nursing care facility on the same site.

Attached is a red-lined copy of each page of the Zoning Ordinance with the proposed amendments.

The Planning Commission held a public hearing on July 16, 2009, and recommended approval of the changes to the residential districts, and on February 18, 2010, the Planning Commission held a public hearing and recommended approval of the definitions.
